TRUE/FALSE

Instructions: Read the text and write *T* for *true* or *F* for *false*.

Georgia is a country between Europe and Asia. It is famous for its mountains and beaches. The capital city is called Tbilisi and around one million people live there. Three million live in the whole country.

The education system is more modern now and children have to stay in school until the age of fourteen. Many sports are played in the country from school age, such as football, rugby and basketball.

It's a small country but the weather is different in the west to the east. It rains a lot less in the east. Its most famous mountains are called the Greater Caucasus Mountain Range and the highest, Mount Elbrus, is over 5,600 metres high. The top of the mountain is covered in snow all year.

The number of tourists visiting the country is increasing each year, and currently over 1.5 million tourists visit the country. About 150,000 people work in the tourist industry.

1. About three million people live in Tbilisi.

2. Children can leave school at the age of fourteen.

3. It’s a small country so the weather is the same all over the country.

4. It has some very high mountains.

5. About 150,000 people have a holiday in Georgia every year.

ESSAY
