LESSON 5

WARM-UP | 2 minutes

(T–S, S–T) Books closed. Write *pollution* on the board. Draw a word web on the board and brainstorm words related to pollution. Write Ss' responses in the word web.

PRE-READING | 5 minutes

1 (T–S, S–T) Ask Ss to turn to p. 106 and look at Exercise 1. Give them 1 minute to look at the graph about air pollution and label the photos, then check.

2 (T–S, S–T) Refer Ss to Exercise 2. Elicit ideas from as many Ss as possible for each of the questions and have a brief class discussion.

WHILE-READING | 13 minutes

1 (T–S, S–T) Exercise 3. Give Ss 3 minutes to read quickly through the text and check their ideas in Exercise 2. Alternatively, play the recording of the article and have Ss listen and follow the text. Ask Ss what they think about the Smog Free Tower. Elicit ideas from different Ss and have brief class discussion.

2 (S–S, S–T, T–S) Ss do Exercise 4 individually. Tell them to read the text again and answer the questions. Give Ss 4 minutes to do this and then 1 extra minute to check their answers in pairs before doing a class check. Elicit the answers and the references from the text.

3 (S–S, S–T, T–S) Ss do Exercise 5 individually. Give them 2 minutes to complete the notes and then 1 extra minute to check their answers in pairs before doing a class check. Ask concept check questions to make sure Ss understand the meaning of the collocations. Alternatively, this can be done in the follow-up lesson or given as homework.

POST-READING | 10 minutes

1 (S–S, T–S, S–T) Refer Ss to Exercise 6. Give them 2 minutes to complete the collocations with the words in blue in the text and then 1 minute to check their answers in pairs. Then Ss listen and check their answers. Practise the collocations using choral drilling and individual repetition.

2 (S–S, T–S, S–T) Ss do Exercise 7 individually. Give them 2 minutes to answer the questions with words in Exercise 6 and then 1 extra minute to check their answers in pairs before doing a class check. Alternatively, this could be done as an oral drill to involve everyone.

EXTRA ACTIVITY

Give Ss 3–4 minutes to make their own sentences using at least three of the collocations in Exercise 6. Then ask individual Ss to share their sentences with the class. Correct if any Ss are using the words incorrectly and point out what is wrong.

3 (S–T, T–S) Exercise 10. Refer Ss to WORD STORE 8E p. 17. Give Ss 1–2 minutes to complete the activity with the correct noun, verb or adjective in the text. Ss listen and check their answers. Then allow them time to mark the stress. Do a class check and practise the words using choral drilling and individual repetition.

PRODUCTION | 10 minutes

1 (S–S, S–T, T–S) Refer Ss to Exercise 8. Tell them that in a few minutes they will discuss how environmental problems affect the world, their country and them. Read through the rubric and the environmental problems with the class and check understanding. Give them 1 minute to think and make notes. Then put Ss in pairs and tell them that they must keep talking for a full 3 minutes. Encourage them to give reasons for their ideas. As Ss interact with each other, walk around taking notes of what you hear. When they have finished, invite pairs to share what they have discussed with the class. Then give some feedback based on your notes.

2 (T–S, S–T) Refer Ss to Exercise 9. Give them 3 minutes to list three things that they, their country or the world could do to solve the problem of air, water and land pollution. When they are ready, elicit ideas from different Ss and have a brief class discussion.

HOMEWORK

1 Give Ss WB pp. 106–107 as homework.

2 Ask Ss to do *Show What You Know* in the WB, p. 108.

3 Ask Ss to find some news stories in English and bring them to the next class.

CONTINGENCY PLAN

1 Refer to TB p. 106 for extra activities.

2 If you are short of time, some elements of the post-reading and production can be done in the follow-up lesson or given as homework.
