OVERVIEW

Duration: 40 minutes

Objectives:
- Can identify key details in a simple recorded dialogue or narrative (P) (GSE 39 – A2+).
- Can express attitudes using simple language (P) (GSE 47 – B1).

Resources:
- SB pp. 18–19; WORD STORE 2, p. 5
- TB: Culture notes p. 171; Photocopiable Resource 7 pp. 202, 218–219; Photocopiable Resource 8 pp. 202, 220
- WB pp. 18–19
- Online resources: Extra digital activities, Vocabulary Checkpoint

LESSON 1

WARM-UP | 7–8 minutes

1 (T–S, S–T) Ask Ss to keep their books closed. Write *digital inventions* on the board. Brainstorm with Ss as many inventions as possible and write them on the board. Then ask Ss if they know when they were invented. Elicit ideas from Ss and have a brief class discussion, but do not confirm answers. Tell Ss that they will find out the answers later in the lesson. If you do not think you will have enough time, skip this activity.

2 (T–S, S–T) Ask Ss to turn to p. 18 and look at Exercise 1. Give Ss 1 minute to choose the correct verbs, then check as a class. Then give them 1–2 minutes to complete the sentences to make them true for them.

TIP

See Culture notes in TB p. 171 for information about social media.

3 (S–S, T–S, S–T) Exercise 2. Put Ss in pairs and give them 2 minutes to compare the sentences they came up with in Exercise 1. When they have finished, invite individual Ss to share what their partners said. Then ask Ss how much time they typically spend online each day and what they do. Elicit answers from different Ss and have a brief class discussion.

PRACTICE 1 | 10–12 minutes

1 (S–S, T–S, S–T) Exercise 3. Refer Ss to the first question in the Quiz. Go through the digital inventions in red with Ss. Look at the list on the board again and add the inventions that are in red in the quiz that have not already been put there. Then give Ss 2 minutes to do the Science and Technology Quiz. When they have finished, play the recording so that Ss listen and check their answers. Then ask if they are surprised. Elicit ideas from individual Ss with reasons why and have a brief class discussion.

TIP

See Culture notes in TB p. 171 for information about web browsers and search engines.

EXTRA ACTIVITY

If you have done the first Warm-up activity, refer Ss to the list of digital inventions on board. Ask when they were invented again. This time Ss will know the answers to five of them. Elicit the answers and write them next to the inventions on the board. Then put Ss in pairs and allow them time to go online and learn when the rest of the items on the list were invented. When they are ready, elicit the answers and write them next to the inventions on the board.

2 (S–S, T–S, S–T) Refer Ss to Exercise 4. Give them 2 minutes to complete sentences 1–5 and check their answers in pairs. Then play Part 2 again so that Ss listen and check their answers.

PRACTICE 2 | 4 minutes

1 (T–S, S–T) Exercise 5. Refer Ss to WORD STORE 2A p. 5. Give them 2 minutes to complete the quiz with the compound nouns in red. Then Ss listen and check their answers. Practise the compound nouns using choral drilling and individual repetition. Ask concept check questions to make sure Ss understand the meaning of the compound nouns in red in the quiz.

2 (S–S, T–S, S–T) Refer Ss to Exercise 6. Give them 2 minutes to complete the questions and check their answers in pairs before doing a class check. Alternatively, this could be done in the follow-up lesson or given as homework.

3 (S–S, T–S) Exercise 7. Ask Ss to take turns to ask and answer the questions in Exercise 6. Monitor and give feedback. Alternatively, this could be done in the follow-up lesson.

PRACTICE 3 | 4 minutes

1 (T–S, S–T) Exercise 8. Refer Ss to WORD STORE 2B p. 5. Give Ss 2 minutes to complete the activity with the science subjects in the quiz. Then Ss listen and check their answers. Practise the subjects using choral drilling and individual repetition.

2 (S–S, S–T) Refer Ss to Exercise 9. Put them in pairs and give them 2 minutes to discuss the questions. When they have finished, invite individual Ss to share what their partners said. Alternatively, this could be done in the follow-up lesson.

PRACTICE 4 | 5–6 minutes

1 (T–S, S–T) Exercise 10. Refer Ss to WORD STORE 2C p. 5. Give Ss 1–2 minutes to complete the activity with the infinitive form of the underlined verbs in Exercise 4.

Then Ss listen and check their answers. Practise the verbs using choral drilling and individual repetition.

2 (S–S, T–S, S–T) Refer Ss to Exercise 11. Do the first one as an example. Then give Ss 2 minutes to complete the rest of the sentences. Ask Ss to check their answers in pairs before doing a class check. Alternatively, this could be done in the follow-up lesson or given as homework.

PRODUCTION | 6–7 minutes

(S–S, S–T, T–S) Exercise 12. Tell Ss that in a few minutes they will discuss their ideas about the scientists in Exercise 11 and branches of science. Tell Ss that they should use as many words and phrases from WORD STORE 2A, 2B and 2C as they can in their discussions. Give Ss 1 minute to prepare individually. When they are ready, put them in pairs and give them 2–3 minutes to discuss. Encourage them to give as many reasons for their ideas as possible in their discussions. As Ss interact with each other, walk around taking notes of what you hear. When they have finished, invite pairs to share what they have discussed with the class. Then give some feedback based on your notes.

HOMEWORK

1 Give Ss WB pp. 18–19 as homework.

2 Ask Ss to prepare for a 10–20-minute Vocabulary Quiz: Assessment Package, Unit 2.1, Vocabulary.

3 Ask Ss to do *Show What You Know* in the WB, p. 20.

CONTINGENCY PLAN

1 Refer to TB p. 18 for extra activities.

2 If you are short of time, some elements of the warm-up and practice can be done in the follow-up lesson or given as homework.

TIP

See the lesson plan for Unit 2 Video Worksheets, BBC worksheet, for extra skills and vocabulary practice.
