OVERVIEW

Duration: 40+40 minutes

Objectives:
- Can scan a simple text, identifying the main topic(s) (P) (GSE 40 – A2+).
- Can compare quantities in a basic way (P) (GSE 32 – A2).

Resources:
- SB pp. 94, 151
- TB: Culture notes p. 175
- WB p. 94
- Online resources: Extra digital activities, Grammar Checkpoint; Teacher's resources, Video 32 – Grammar Animation

LESSON 6

WARM-UP | 5 minutes

(S–S, T–S, S–T) Refer Ss to Exercise 1. Put them in pairs and give them 3 minutes to discuss the questions. Then encourage each pair to share what they have discussed with the class and have a brief class discussion.

PRESENTATION | 10–12 minutes

1 (T–S, S–T) Ss do Exercise 2 individually. Give them 2 minutes to read the text and answer the question. Then elicit the answer and check.

TIP

See Culture notes in TB p. 175 for information about Blake Mycoskie One for One, TOMS and TOMS Eyewear.

2 (T–S, S–T) Refer Ss to Exercise 3. Give them 2 minutes to decide which of the underlined nouns in the text in Exercise 2 are countable and which are not. Then elicit the answers and check.

3 (S–S, S–T, T–S) Refer Ss to Exercise 4. Give them 1 minute to complete the GRAMMAR FOCUS and then 2 extra minutes to read the rules in pairs and discuss them. Then go through the GRAMMAR FOCUS with the class. Explain that countable nouns refer to items we can count (e.g. *one egg, two eggs*). We use *a/an* or *one* with the singular form and *some* or a number greater than one with the plural form. Also tell Ss that uncountable nouns are singular (e.g. *milk, cheese*). They do not have a plural form, but some nouns are always plural (e.g. *trousers, shorts*). Both uncountable nouns and plural nouns are preceded by *some* and never by *a/an* or a number. Explain that we use *a lot of/lots of* in positive sentences and that we can use both forms with countable and uncountable nouns. Explain that we use *much/many* in negative sentences and questions, and that we use *many* with countable nouns and *much* with uncountable nouns.

TIP

It takes time for Ss to acquire confidence with quantifiers as most languages use them in different ways, e.g. they do not distinguish between countable and uncountable nouns or the word order is different. Ss will therefore make mistakes as part of the learning process, e.g. *There are too ~~much~~ cars/too ~~many traffics~~ in the streets. I'm not ~~enough paid~~.* It is important to present the language clearly and correct errors at every opportunity.

PRACTICE | 15 minutes

1 (S–S, T–S, S–T) Ss do Exercise 5 individually. Give them 3 minutes and then 1 extra minute to check their answers in pairs before doing a class check.

2 (S–S, T–S, S–T) Ss do Exercise 6 individually. Give Ss 2 minutes to complete the sentences and then 1 extra minute to check their answers in pairs before doing a class check.

3 (T–S, S–T) Exercise 7. Refer Ss to the REMEMBER THIS box. Give them 1 minute to read it. Then ask about the difference between *few* and *a few*, and *little* and *a little* – *few* and *little* mean 'a very small number', but *a few* and *a little* mean 'some'. Compare: *I've got a little money* (this has a fairly positive meaning, i.e. *I've got some money*) and *I've got little money* (this has a negative meaning, i.e. *I'm rather poor*). Then give Ss 2 minutes to rewrite the sentences in Exercise 6. Do a quick class check. Elicit which sentences in Exercises 6 and 7 are true and check.

4 (S–S, T–S, S–T) Ss do Exercise 8 individually. Give them 2 minutes to make the sentences negative. Then do a class check and ask individual Ss which sentences are true for them.

PRODUCTION | 8–9 minutes

1 (S–S, T–S, S–T) Refer Ss to Exercise 9. Put them in pairs and give them 3 minutes to write questions using *How much …?* or *How many …?* with the activities in Exercise 8 and the activities in the box. Monitor and support as they do this, then check.

2 (S–S) Tell Ss that they will take turns to ask and answer the questions they have written. Encourage Ss to give full answers and additional information wherever possible. Model the activity:
A: *How much bread do you eat?*
B: *I eat lots of bread at breakfast, but very little at lunch and dinner.*
Then put Ss in pairs and give them 3 minutes to carry out conversations. As Ss interact with each other, walk around taking notes of what you hear. Invite Ss to share what their partners said and then give some feedback based on your notes.

LESSON 7

WARM-UP | 3–5 minutes

1 (T–S) Explain to Ss that they are going to watch an animated cartoon which will give them more context for the grammar.

2 (T–S, S–T) Ask Ss a few warm-up questions: *Who is he? What is he doing? Who is he talking to on the phone? What are they talking about? What do you think his mother wants him to buy?* Play Video 32 – Grammar Animation from the Teacher's resources and stop after the introduction (00:27). At this stage Ss should have understood that Robert is on the phone with his mother who asks him to buy things from the supermarket and Robert makes a list of them while watching a football match.

PRESENTATION | 7–8 minutes

1 (T–S, S–T) Ask Ss to watch the clip carefully and answer a few questions: *What does Robert's mum want him to buy? What kind of meat? How much did his mum give him? How much did he pay for the things he bought? How much beef did he buy? Did he buy milk? Does she know that he was watching the match?* Play the video with the subtitles off.

2 (T–S, S–T) Play the whole video once again, with subtitles. Ask Ss to pay special attention to quantifiers.

PRACTICE | 10–12 minutes

1 (T–S, S–T) Explain to Ss that the animation provides more context for the topic of the lesson. Discuss the difference between countable and uncountable nouns, which quantifiers are used with countable nouns, which with uncountable nouns and which with both. Also discuss which quantifiers are usually used in affirmative sentences and which in negative sentences and questions. Then ask Ss if they can remember any sentences with quantifiers from the video. Elicit answers and write them on the board. Do not worry if Ss do not remember all the sentences – use the script to read out the sentences with the target language and put more sentences on the board.

2 (T–S, S–T) For Ss who still do not understand when and how to use quantifiers, use the teacher's explanation part of Video 32 – Grammar Animation from the Teacher's resources (02:53–06:15). If you feel they are doing well and can list a few examples and provide explanation, then you can omit the teacher's part.

TIP

Play the animation for a third time in weaker groups or if Ss really want to watch it. Then pause after sentences where there is a quantifier. Ask Ss what it means and how it is used. You can ask them to repeat a sentence, turning the subtitles off, especially where they had problems with a given example.

Alternatively, go to GRAMMAR REFERENCE AND PRACTICE 7.5 on p. 151 and ask Ss to complete Exercises 1–4 individually. Do a quick class check. This could also be given as homework.

PRODUCTION | 15 minutes

(S–S) Explain to Ss that they are going to prepare similar dialogues in pairs. Explain that the dialogues won't have to be exactly the same, but they will have to use some of the language on the board. Put Ss in pairs and let them prepare for the dialogue. Ss should present their dialogues in front of the class, to make it more engaging.

HOMEWORK

1 Give Ss WB p. 94 as homework.

2 Ask Ss to prepare for a 10–20-minute Grammar Quiz: Assessment Package, Unit 7.5, Grammar.

CONTINGENCY PLAN

Refer to TB p. 94 for extra activities.

TIP

See the lesson plan for Unit 7 Video Worksheets, FOCUS VLOG worksheet, for extra practice of the grammar topic.
