LESSON 4

WARM-UP | 5 minutes

1 (T–S, S–T) Tell Ss to cover Exercise 1 and look at the photos. Ask Ss how they would describe each photo using just one word. Elicit words from different Ss and write them on the board.

2 (T–S, S–T) Ask Ss to turn to p. 21 and to look at Exercise 1. Give them 1 minute to label the photos with the words in the box. Then play the recording so that Ss listen and check their answers. Make sure they understand the meaning of all the words. Practise the words using choral drilling and individual repetition. Ask Ss if any of the words in the box are on the board.

PRE-LISTENING | 10 minutes

1 (S–S, T–S, S–T) Ss do Exercise 2 individually. Ask them to read the questions so that they know what they are listening out for. Then play the recording. Ask Ss to check their answers in pairs before doing a class check.

TIP

You can ask Ss what was said that might have made the questions difficult to answer. (1 *She says her dad is an archaeologist and wants her to do archaeology.* 2 *Last week's programme was about physics and only one of them watched it and next week's programme is about marine biology.*)

2 (S–S, T–S, S–T) Ss do Exercise 3 individually. Give them 2 minutes to complete the job descriptions. Then Ss listen and check their answers. Practise the jobs using choral drilling and individual repetition. Then ask Ss if they know anybody who does any of these jobs. Give them 1 minute to talk about these people with a partner. When they have finished, invite different Ss to share what their partners said.

TIP

Elicit the meaning of suffix. Write *-ist* on the board and say that it is one of the most common suffixes for nouns that describe people *(geologist, ecologist, etc.)*.
Then elicit similar suffixes and put them on the board *(-er, -or, -an)* giving examples *(teacher, director, musician)*.

WHILE-LISTENING | 15–16 minutes

1 (T–S, S–T) Exercise 4. Tell Ss that they will listen to five speakers talking about why they became scientists. Ask them to decide which job in Exercise 3 each person does. Play the recording, then check. Alternatively, this exercise could be done in the follow-up lesson.

2 (S–S, T–S, S–T) Ss do Exercise 5 individually. Ask them to read the list A–F so that they know what they are listening out for. Check if there are any words that Ss do not know. Then play the recording again. Ask Ss to check their answers in pairs before doing a class check. Elicit the answers and the extra statement and check.

POST-LISTENING | 8 minutes

1 (S–S, T–S, S–T) Ss do Exercise 6 individually. Give them 1–2 minutes to complete the table. Then Ss listen and check their answers. The class repeat the words from the recording using choral drilling. Then check pronunciation individually. Make sure to check spelling before asking Ss to underline the main stress in each word. Do a quick class check.

2 (S–S) Refer Ss to Exercise 7. Read the example with the class. Then put Ss in pairs and give them 1–2 minutes to practise the words in Exercise 6. Monitor and support if necessary. Alternatively, this exercise could be done in the follow-up lesson.

3 (S–T, T–S) Exercise 8. Refer Ss to WORD STORE 2D p. 5. Give them 1–2 minutes to complete the activity. Then play the recording so that Ss listen and check their answers. Make sure to check spelling and check and drill the pronunciation of the words using choral and individual repetition.

4 (S–S, S–T, T–S) Ss do Exercise 9 individually. Give them 2 minutes to complete the statements and check their answers in pairs before doing a class check. Ask concept check questions to make sure Ss understand the meaning of the words. Alternatively, this exercise could be done in the follow-up lesson or given as homework.

EXTRA ACTIVITY

Give time for Ss to make their own sentences using the words if necessary. Monitor and check.

PRODUCTION | 5 minutes

(S–S, S–T, T–S) Refer Ss to Exercise 10. Tell them that they will discuss questions about careers. Give Ss 1 minute to prepare individually. Then put them in pairs and give them 2 minutes to discuss the questions. As Ss interact with each other, walk around taking notes of what you hear. When they have finished, invite pairs to share what they have discussed with the class. Then give some feedback based on your notes.

HOMEWORK

1 Give Ss WB p. 21 as homework.

2 Ask Ss to find out three facts about Antarctic exploration.

CONTINGENCY PLAN

1 Refer to TB p. 21 for extra activities.

2 If you are short of time, some elements of the while-listening and post-listening (Exercises 4, 7 and 9) can be done in the follow-up lesson or given as homework.
