Reading

3 Read the text. Read the text. Complete gaps 1-4 with sentences A-F. There are two extra sentences.

Have you ever wished you had your own place? That's exactly how American teenager Austin Hay felt – before he built his own house at the age of sixteen! [1]_____. It's got everything he needs, including a kitchen, a bathroom (with shower), a bedroom and a toilet. The house, which is only about forty square metres, is one of the world's smallest houses. [2]_____. He did most of the work himself although he had some help from his father and family friends. The whole thing took less than two years.

As soon as the house was finished, Austin held the smallest party ever. [3]_____. He likes the independence, and he likes 'living small', he says, because it's cheap and green. At the moment, the house is parked in his parents' garden. [4]_____. He's going to take it with him, and live in it while he studies. Then, when he gets a job, he plans to take his little house with him once more.

A Then he moved in, and he's lived there ever since.

B On the other hand, he doesn't like expensive materials.

C Using materials which mostly came from recycling centres, he constructed his own home.

D It's unusual for another reason too – it's built on wheels, so Austin can take it with him wherever he goes.

E However, when he leaves school and goes to university, he won't leave it behind.

F As a result, he invited his friends.
