## OVERVIEW

**Duration:** 40 minutes

**Objectives:**
- To help Ss improve their productive accuracy and expose students to real language they can encounter in their lives.

**Resources:**
- SB p. 117 Focus Vlog Worksheet
- Online resources: Teacher's resources, Video 3 – FOCUS VLOG *About happiness*

## INTRODUCTION

These short clips have been given the form of a vlog. Filmed on the streets of London, they feature real people answering questions that touch upon their lives and opinions, while following the topics and themes covered in the lesson they appear in. They present the target grammar structures in a real context in small, easy-to-manage chunks for the Ss to model their own speech on. The vlogs feature unscripted, authentic, spontaneous speech of speakers of English from the UK as well as from other countries. Vlogs can be used at the end of the Grammar lesson that they appear in. Ss can also be asked to watch these videos at home. This allows the teacher to check understanding before the lesson and adjust their lesson plan if Ss have found the language particularly easy or difficult.

### WARM-UP | 7–8 minutes

1 (S–S, T–S, S–T) Ask Ss to keep their books closed. Create interest in the lesson by asking: *What makes young people happy?* Put Ss in pairs and ask them to write as many things as they can in 1 minute. When they have finished, elicit one thing from each pair. As Ss answer, write relevant things in a list on the board.

2 (S–S, T–S, S–T) Ask Ss to turn to p. 117 and look at Exercise 1. Look at the list on the board again and add the things that make young people happy that are in the box in Exercise 1 that have not already been put there. Then ask Ss to decide which three things are likely to make young people happiest. Elicit answers from different Ss and have a brief class discussion. Then hold a class vote for the thing which makes young people the happiest.

### PRACTICE | 18–20 minutes

1 (S–S, T–S, S–T) Ss do Exercise 2 individually. Play the video so that Ss watch and complete the table. Then give them 2 extra minutes to check their answers in pairs before doing a class check. Play the video twice if necessary.

2 (S–S, T–S, S–T) Ss do Exercise 3 individually. Give them 2 minutes to complete the quotes and then 1 extra minute to check their answers in pairs. When they have finished, play the video again so that Ss watch and check their answers.

3 (S–S, T–S, S–T) Exercise 4. Put Ss in pairs. Give them 2 minutes to discuss what makes them happy. Encourage them to give reasons for their ideas. When they have finished, invite individual Ss to share what their partners said and have a brief class discussion.

4 (S–S, S–T) Refer Ss to Exercise 5. Read through the rubric with the class and check understanding. Then give Ss 2 minutes to complete the profile information. When they are ready, put them in pairs and give them 2 extra minutes to share their profiles with each other and to try and guess which piece of information is not true. Monitor and support as they do this. When they have finished, invite individual Ss to tell the class about their partner and if their guesses were right.

### PRODUCTION | 9–10 minutes

(S–S, S–T, T–S) Refer Ss to Exercise 6. Read through the speaking task with the class and check understanding. Then put Ss in pairs. Remind them that they should use adjectives in the box in their answers. For each question, set a time limit for the pairs to discuss. They should not move onto to the next question until you tell them to. As Ss interact with each other, walk around taking notes of what you hear. When the pairs have discussed all the questions, invite individual Ss to share what their partners said. Then go over any issues that came up while you were monitoring.
