VIDEO WORKSHEET 2

BBC

OVERVIEW

Duration: 40 minutes

Objectives:
- To give students an opportunity to improve their reception skills and further enhance their vocabulary.

Resources:
- SB p. 118 BBC Video Worksheet
- Online resources: Teacher's resources, Video 6 – BBC *Urban legends*

WARM-UP | 3–4 minutes

(T–S, S–T) Books closed. Create interest by activating vocabulary Ss already know. Ask: *What is an urban legend/myth/tale?* Elicit answers from different Ss. Use the information about urban legends below (or the definition on p. 118) to help prompt Ss and make sure all Ss understand what it means. Then elicit examples of urban legends from Ss.

TIP

An urban legend is a modern fictional tale that passes from one person to another. They are told as the truth, but most of them end up being mostly false. They reach a wide audience, because they are passed along from person to person like the news.

BEFORE YOU WATCH | 10 minutes

1 (T–S, S–T) Ask Ss to turn to p. 118 and look at Exercise 1. Tell them that only one of sentences 1–5 is a fact. Give Ss 1 minute to think about the sentences. When they are ready, elicit ideas from different Ss and have a brief class discussion. Then tell Ss the correct answer and ask if they are surprised.

2 (T–S, S–T) Ss do Exercise 2 individually. Give them 1 minute and then 1 extra minute to check their answers in pairs before doing a class check. Ask concept check questions to make sure Ss understand the meaning of the target words. Practise the words using choral drilling and individual repetition. Then give Ss 2–3 minutes to make their own sentences using the words. Ask individual Ss to share their sentences with the class. Correct if any Ss are using the words incorrectly explaining why.

WHILE YOU WATCH | 15–17 minutes

1 (S–T, T–S) Ss do Exercise 3 individually. Give them 2 minutes to complete the presenter's introduction to the video and then 1 extra minute to compare their answers with a partner. When they have finished, elicit answers from different Ss, but do not confirm them at this stage.

2 (S–T, T–S) Exercise 4. Play the first part of the video (up to 0:53) so that Ss watch and check their answers in Exercise 3. Then elicit Ss' ideas about the question in Exercise 3 and have a brief class discussion.

3 (T–S, S–T) Exercise 5. Ask Ss to look at the photo. Ask: *What kind of event is it? Why did Greg choose this place to do the experiment?* Elicit ideas from different Ss, but do not confirm answers at this stage. Play the next part of the video (00:53–01:30) so that Ss watch and check their ideas. Then do a class check.

4 (S–S, S–T, T–S) Ss do Exercise 6 individually. Before playing the rest of the video (01:30–03:13), ask Ss to read the events so that they know what they are watching out for. Play the video and then give Ss 1 extra minute to check their answers in pairs before doing a class check.

AFTER YOU WATCH | 6–7 minutes

(S–S, S–T, T–S) Refer Ss to Exercise 7. Tell them that Greg Foot has done a series of videos like the one they have watched. Read through the names of his videos and ask Ss which of them they would be most interested in. Give them 1 minute to tick three of them and then 1 extra minute to compare their choices with a partner. When they have finished, elicit ideas from different Ss with reasons why and have a class discussion.
