VIDEO WORKSHEET 2 FOCUS VLOG

OVERVIEW

Duration: 40 minutes

Objectives:
- To help Ss improve their productive accuracy and expose students to real language they can encounter in their lives.

Resources:
- SB p. 119 Focus Vlog Worksheet
- Online resources: Teacher's resources, Video 8 – FOCUS VLOG *About technology*

WARM-UP | 5–6 minutes

(S–S, T–S, S–T) Refer Ss to Exercise 1. Tell them that in a few minutes they will ask and answer the questions. Give Ss 1 minute to prepare individually. Then put them in pairs and tell them that they must keep talking for about 2–3 minutes. As Ss interact with each other, walk around monitoring, supporting and taking notes of any problems. When they have finished, ask individual Ss to share what their partners said.

PRACTICE | 15–17 minutes

1 (S–S, T–S, S–T) Ss do Exercise 2 individually. Play the video so that Ss watch the interviews where people talk about problems they have had with technology. Tell Ss they should tick the correct boxes. Then give Ss 1 extra minute to check their answers in pairs before doing a class check.

2 (S–S, T–S, S–T) Refer Ss to Exercise 3. Put them in pairs and give them 2–3 minutes to discuss and decide if sentences 1–6 are true or false. When they have finished, play the video so that Ss watch and check their answers. Then elicit the answers. Ask Ss to correct the false sentences giving relevant extracts from the clip.

TIP

Before the class check, you can play the video once again, this time asking Ss to make notes of the extracts that helped them find the answers.

3 (S–S, T–S, S–T) Exercise 4. Put Ss in pairs and give them 3 minutes to tell each other if they have ever had any of the problems in Exercise 3 and about the last time they had a problem with technology. Monitor and help with any vocabulary and with Ss' ideas where necessary. When they have finished, invite individual Ss to share what their partners said.

PRODUCTION | 13–15 minutes

(S–S, S–T) Refer Ss to Exercise 5. Tell them that in a few minutes they will discuss their opinions about technology. Read through the speaking task with the class and check understanding. Read the example aloud and give more examples if necessary. Then give Ss 2 minutes to prepare individually. When they are ready, put Ss in pairs. For each question, set a time limit for the pairs to discuss. They should not move onto to the next question until you tell them to. As Ss interact with each other, walk around taking notes of what you hear. When the pairs have discussed all four questions, join pairs together in groups of four and tell them to compare their ideas. Give them 3 minutes to do this. When they are ready, invite each group to tell the class what they discussed and whether they agreed or disagreed with one another. Then go over any issues that came up while you were monitoring.
