OVERVIEW

Duration: 40 minutes

Objectives:
- To help Ss improve their productive accuracy and expose students to real language they can encounter in their lives.

Resources:
- SB p. 121 Focus Vlog Worksheet
- Online resources: Teacher's resources, Video 14 – FOCUS VLOG *London attractions*

WARM-UP | 3–4 minutes

(T–S, S–T) Lead in and create interest in the lesson by asking Ss where they will go on holiday this year. Then ask if they have ever been abroad and if so, which countries they have been to. Ask which country they would like to go to and if they have been to London. Elicit ideas from different Ss and have a brief class discussion.

PRACTICE | 15–16 minutes

1 (S–S, S–T) Ask Ss to turn to p. 121 and look at Exercise 1. Tell them to imagine they can have a day out in London. Put them in pairs and give them 3 minutes to discuss the activities they would and wouldn't like to do in London. Encourage them to give reasons for their preferences. Monitor closely to provide support where necessary. When they have finished, ask individual Ss to share what their partners said.

2 (S–S, T–S, S–T) Refer Ss to Exercise 2. Tell Ss that in a few minutes they are going to watch Oliver, Ella and Chelsea. Read through the questions they answer. Play the video so that Ss watch and tick the things from Exercise 1 they mention. Then give Ss 1 extra minute to compare their answers with a partner. When they have finished, elicit the answers and check.

3 (S–S, T–S, S–T) Ss do Exercise 3 individually. Allow them 1 minute to read through the questions to make sure they know exactly what to watch out for. Play the video again and then give Ss 1 minute to check their answers in pairs before doing a class check.

4 (T–S, S–T) Exercise 4. Ask Ss if they have done anything interesting in their city recently. Ask what they did and what they liked about it. Elicit answers from different Ss and have a brief class discussion.

PRODUCTION | 16–18 minutes

1 (T–S, S–T) Refer Ss to Exercise 5. Read through the rubric and check understanding. Read the example aloud and give some more examples if necessary. Then give Ss 1–2 minutes to find someone in the class who fits each description in the table and write their names in the first column. When they are ready, give Ss 5 more minutes to collect more information about the people whose names they wrote in the table by asking them further questions. As they do this, walk round the class monitoring and taking notes of any problems or errors to discuss when giving feedback. When they have finished, invite individual Ss to tell the rest of the class about the people they made notes about in their tables. Then give some feedback based on your notes.

2 (S–S, S–T, T–S) Ask Ss if they know what a pie chart is. Elicit ideas and check. Use the information in the box to help prompt Ss. Then give an example of a pie chart on the board. Ask concept check questions to check understanding. Then refer Ss to Exercise 6 and read through the rubric with them. Put them in groups of three or four and give them 3 minutes to write a survey question about Ss' film and TV preferences. Tell them that their questions should begin with *Who ...* and they should give three options. Monitor and support if necessary as they do this. When they have finished, invite each group to ask their question to the class and tell them to note down the answers. Then give Ss 3–4 minutes to gather their findings and draw a pie chart showing the results. When they are ready, invite each group to present their findings. Listen and take notes of any problems or errors. Then give some feedback based on your notes.
