OVERVIEW

Duration: 40 minutes

Objectives:
- To help Ss improve their productive accuracy and expose students to real language they can encounter in their lives.

Resources:
- SB p. 125 Focus Vlog Worksheet
- Online resources: Teacher's resources, Video 23 – FOCUS VLOG *About education*

WARM-UP | 8 minutes

1 (T–S, S–T) Books closed. Write this on the board: *A perfect student is someone who ...* Give Ss 2 minutes to think and complete the definition. When they are ready, elicit ideas from different Ss and have a brief class discussion.

2 (S–S, T–S, S–T) Ask Ss to turn to p. 125 and look at Exercise 1. Give them 1 minute to read through the qualities and see if the qualities they mentioned in their definitions are among them. Then put Ss in pairs and give them 2 minutes to discuss and choose the qualities they would use to describe a perfect student. When they have finished, elicit ideas from different Ss.

PRACTICE | 15 minutes

1 (S–S, T–S, S–T) Ss do Exercise 2 individually. Allow them 1 minute to read through the questions to make sure they know exactly what to do. Tell them to underline the key words. Play the video and then give Ss 1 minute to check their answers in pairs before doing a class check.

2 (T–S, S–T) Exercise 3. Ask for a show of hands to find out which Ss think that they are perfect or not. Invite different Ss to give reasons. Then have a brief class discussion.

PRODUCTION | 15 minutes

1 (S–S, S–T) Refer Ss to Exercise 4. Tell them that in a few minutes they will discuss their study habits. Give Ss 1 minute to look at the questions and prepare individually. Then put Ss in pairs and tell them that they must keep talking for a full 3 minutes. As Ss interact with each other, walk around monitoring, supporting and taking notes of any problems. When they have finished, ask individual Ss to share what their partners said and then give some feedback based on your notes.

2 (T–S, S–T) Ask Ss if they know how to write a survey. Elicit ideas and check. Use the information in the box to help prompt Ss. Give examples and then ask concept check questions to check understanding. Then refer Ss to Exercise 5 and read through the rubric with them. As homework, ask Ss to organise an online survey with eight multiple-choice questions, give out the link and collect data over a period of time. Later, Ss will present the results to the class.
