WARM-UP | 4–5 minutes

(S–S, S–T) Refer Ss to Exercise 1. Tell them that in a few minutes they will discuss their opinions about jeans. Give Ss 1 minute to prepare individually. Then put them in pairs and tell them that they must keep talking for about 2 minutes. As Ss interact with each other, walk around monitoring and supporting if necessary. When they have finished, ask individual Ss to share what their partners said.

PRACTICE | 7–8 minutes

1 (S–S, T–S, S–T) Ss do Exercise 2 individually. Allow them 1 minute to read through the sentences to make sure they know exactly what to watch out for. Play the video and then give Ss 1 minute to check their answers in pairs before doing a class check.

2 (S–S, T–S, S–T) Ss do Exercise 3 individually. Allow them 1 minute to read through the questions to make sure they know exactly what to watch out for. Play the video again for Ss to complete the activity. Then ask Ss to check their answers in pairs before doing a class check.

PRODUCTION | 25–28 minutes

1 (S–S, T–S, S–T) Refer Ss to Exercise 4. Tell them that they are going to prepare a list of five questions about fashion. Read through the examples with the class and check understanding. Then put them in pairs and give them 3 minutes to prepare their list. When Ss have finished, ask them if they know what an infographic is. Elicit ideas and check. Use the information in the box to help prompt Ss. Then show Ss examples of infographics. Ask concept check questions to make sure they understand.

2 (S–S, S–T, T–S) Give Ss 5 minutes to ask their questions to other Ss and collect the answers. When they have finished, give them 8 minutes to prepare an infographic with the results. Tell them that they can either draw the infographics or use an online tool to create them. Monitor and support as they do this. When Ss are ready, invite different pairs to present their findings using graphs and charts in a survey infographic. Listen and take notes of any problems or errors. Then give some feedback based on your notes.
