VIDEO WORKSHEET 8

BBC

OVERVIEW

Duration: 40 minutes

Objectives:
- To give students an opportunity to improve their reception skills and further enhance their vocabulary.

Resources:
- SB p. 130 BBC Video Worksheet
- Online resources: Teacher's resources, Video 36 – BBC *Keeping fit*

WARM-UP | 5 minutes

(S–S, T–S, S–T) Ask Ss to keep their books closed. Create interest in the lesson by writing *keeping fit* on the board. Ask Ss to write as many ways to keep fit as they can in 1 minute. When they have finished, elicit one method from each pair. As Ss answer, write relevant words and phrases in a list under the heading on the board.

BEFORE YOU WATCH | 10 minutes

1 (S–S, T–S, S–T) Ask Ss to turn to p. 130 and look at Exercise 1. Look at the list on the board again and add the ways to keep fit from Exercise 1 that have not already been put there. Then ask Ss their preferred ways of keeping fit. Elicit answers from different Ss and have a brief class discussion.

2 (S–S, T–S, S–T) Ss do Exercise 2 individually. Give them 1–2 minutes to do the matching activity and then 1 extra minute to check their answers in pairs before doing a class check. Ask Ss which activities they think use the most and which the least energy. Elicit ideas from different Ss and have a brief class discussion.

WHILE YOU WATCH | 15 minutes

1 (T–S, S–T) Refer Ss to Exercise 3. Allow them time to complete the doctor's recommendation. Elicit ideas from different Ss, but do not confirm their answers at this stage. Play the first part of the video (up to 0:32) for Ss to watch and check their answer. Ask if they are surprised.

2 (S–S, T–S, S–T) Ss do Exercise 4 individually. Allow them 1 minute to read through the sentences to make sure they know exactly what information is missing. When they are ready, play the next part of the video (00:32–01:50) so that Ss watch and complete the sentences. Then give them 1 extra minute to check their answers in pairs before doing a class check.

3 (S–S, T–S, S–T) Refer Ss to Exercise 5. Give them 1 minute to tick the activities that they think are 'exercise' and then 1 extra minute to compare their answers with a partner. Then play the next part of the video (01:50–03:07) for Ss to watch and check their answers.

4 (S–T, T–S) Ss do Exercise 6 individually. Give them 1 minute to do the matching activity, then check. Ask Ss which activity they think uses the most/least energy. Elicit ideas from different Ss, but do not confirm their answers at this stage. Play the last part of the video (03:07–03:34) for Ss to watch and check their ideas. Ask if they are surprised.

AFTER YOU WATCH | 7–8 minutes

(S–S, S–T, T–S) Refer Ss to Exercise 7. Give them 2 minutes to make a list of activities they can do to keep fit without going to the gym. Monitor and support where necessary as they do this. When they are ready, read the example aloud and invite individual Ss to make similar sentences and share their ideas with the class. Have a class discussion. Take notes of what you hear. Then give some feedback based on your notes.
