## OVERVIEW

**Duration:** 40+40 minutes

**Objectives:**
- Can identify specific information in a simple factual text (GSE 39 – A2+).

**Resources:**
- SB pp. 98, 135
- TB: Culture notes p. 158; Photocopiable Resource 48 pp. 189, 238
- WB p. 98
- Online resources: Extra digital activities, Grammar Checkpoint; Teacher's resources, Video 34 – Grammar Animation

# LESSON 2

### WARM-UP | 7–8 minutes

1 (T–S, S–T) Books closed. Remind Ss of their homework research about polar bears. Ask individual Ss to share the facts that they have found about polar bears with the class. Also elicit from Ss the problems polar bears are facing, but do not confirm ideas at this stage.

2 (T–S, S–T) Ask Ss to turn to p. 98 and look at Exercise 1. Give them 1 minute to choose the correct options and then 2 extra minutes to read the text and check their answers. Then ask some basic comprehension questions to check understanding, e.g. *How does global warming affect the Arctic? What do scientists think will happen? How many polar bears will be left in 2050?*

**TIP**

See Culture notes in TB p. 158 for information about polar bears.

### PRESENTATION | 10 minutes

1 (S–T, T–S) Refer Ss to Exercise 2. Give them 2 minutes to read the GRAMMAR FOCUS and complete the examples. Then go through the GRAMMAR FOCUS with the class. Explain the rules for when to use *will* and how the affirmative and negative sentences and questions are formed. Write some sentences and questions on the board and highlight the pattern *will* + verb. Drill *I'll* and contrast it with the pronoun *I*. Show Ss that their tongues should lightly touch the hard palate behind their top teeth when they say *I'll*. Then elicit from Ss example sentences about themselves using *will*.

**TIP**

Ss often add *to* after modal verbs, e.g. they say *I won't ~~to~~ go*. Highlight the form clearly for Ss and give thorough controlled practice. Correct the problem while monitoring and while giving feedback to prevent fossilisation of this error.

2 (T–S, S–T) Go through the REMEMBER THIS box with Ss. Either give some more examples using *will/won't be able to* and elicit meaning or ask Ss to come up with some examples on their own. Monitor and give some feedback.

### PRACTICE | 10 minutes

1 (S–S, T–S, S–T) Ss do Exercise 3 individually. Give them 2 minutes to complete the gaps and to compare their answers with a partner before doing a class check. Elicit sentences from Ss and discuss their ideas briefly with the class.

2 (S–S, S–T) Refer Ss to Exercise 4. Tell them that they will ask and answer the questions. Read the example aloud. Then put Ss in pairs and encourage them to give as much detail as possible in their answers. As Ss interact with each other, monitor and support where necessary. When they have finished, invite individual Ss to share their ideas with the class.

3 (T–S, S–T) Go through the REMEMBER THIS box with Ss. Either give some more examples using *get* or *become* + a comparative adjective and elicit meaning or ask Ss to come up with some examples on their own. Monitor and give some feedback.

### PRODUCTION | 10 minutes

1 (S–S, S–T, T–S) Refer Ss to Exercise 5. Read the example aloud. Then give Ss 2 minutes to write sentences about topics 1–5. Monitor and support where necessary. When they have finished elicit sentences from Ss and check.

2 (S–S, S–T, T–S) Refer Ss to Exercise 6. Put them in pairs and tell them to take turns to ask and answer questions about their future. Tell the pairs that only the Ss asking the questions can have their books open, and that the Ss answering the questions should keep their books closed. Explain that this will help them to listen more carefully. Encourage Ss to give full answers and additional information. Model the activity:
A: *Will you get married in the next ten years?*
B: *No, I won't because I think I will still be too young to get married then. There are other things I'm planning to do before I get married.*
As Ss interact with each other, walk around taking notes of what you hear. Then invite Ss to share what their partners said and then give some feedback based on your notes.

# LESSON 3

### WARM-UP | 3–5 minutes

1 (T–S) Explain to Ss that they are going to watch an animated cartoon which will give them more context for the grammar.

2 (T–S, S–T) Ask Ss a few warm-up questions like:
*Who are the people? Where are they? What are they doing? Do the man and woman know the old lady?*

*What do you think has made Sue really worried about the future?* Play Video 34 – Grammar Animation from the Teacher's resources and stop after the introduction (00:21). Elicit ideas, but do not confirm answers at this stage. Tell Ss that they will find out the answers when they watch the rest of the animated cartoon.

## PRESENTATION | 7–8 minutes

1 (T–S, S–T) Ask Ss to watch the clip and answer the following questions: *What do scientists predict will happen in the future? Will humans become extinct? What does Tom think about this? What does Tom suggest and why?* Play the video with the subtitles off. Ask Ss if their predictions were right or if they are surprised.

2 (T–S, S–T) Play the whole video once again, with subtitles. Ask Ss to pay special attention to *will*.

## PRACTICE | 10–12 minutes

1 (T–S, S–T) Explain to Ss that the animation provides more context for the topic of the lesson. Explain how we form sentences with *will* to express predictions. Then ask Ss if they can remember any sentences with *will* from the video. Elicit answers and write them on the board. Do not worry if Ss do not remember all the sentences – use the script to read out the sentences with the target language and put more sentences on the board. Then revise the concept and how to form the affirmative and negative sentences and questions.

2 (T–S, S–T) For Ss who still do not understand *will* for future predictions, use the teacher's explanation part of Video 34 – Grammar Animation from the Teacher's resources (01:17–02:52). Optionally, if you feel they are doing well and can list a few examples and provide explanation, then you can omit the teacher's part.

**TIP**

You can play the animation for a third time in weaker groups or if Ss really want to watch it. Then pause after sentences where there is *will*. Ask Ss to decide why it is used. You can ask them to repeat a sentence, turning the subtitles off, especially where they had problems with a given example.

As an alternative, go to GRAMMAR FOCUS REFERENCE AND PRACTICE 8.2 on p. 135 and ask Ss to complete Exercises 1 and 2 individually. Do a quick class check. Optionally, this could be given as homework.

## PRODUCTION | 15 minutes

(S–S) Explain to Ss that they are going to prepare similar dialogues in pairs. Explain that the dialogues won't have to be exactly the same, but they will have to use some of the language on the board. Put Ss in pairs and let them prepare for the dialogue. Ss should present their dialogues in front of the class, to make it more engaging.

## HOMEWORK

1 Give Ss WB p. 98 as homework.

2 Ask Ss to prepare for a 10–20-minute Grammar Quiz: Assessment Package, Unit 8.2, Grammar.

3 Ask Ss to bring their phones if they have recording apps on them.

## CONTINGENCY PLAN

Refer to TB p. 98 for extra activities.
