INTRODUCTION

Welcome to Focus Second Edition, Level 1. The Starter unit contains 8 lessons that aim to establish the basics for students, so that they can confidently tackle the full units that follow. Each lesson covers one page in the Student's Book. The activities are self-explanatory, and should successfully lead the students to the required level.

LESSON 1

WARM-UP | 7–8 minutes

(T–S, S–S) Books closed. To see what Ss know, stand with them in a circle, say *A* and throw a ball or a soft object to a S who says *B*, then throws the ball to another S who says *C*, and so on until you reach the end of the alphabet. If a S doesn't know a letter, encourage the rest of the class to help, so that Ss pool their knowledge. Alternatively, draw a line down the middle of the board and divide the class in two groups. Invite a S from each group to come and start the alphabet on the board, saying the first letter out loud as they write it, then tell them to run back to their group and pass the pen to a S who knows how to say and write the next letter, and so on. Explain that the aim is to be the first group to finish writing the alphabet on the board.

PRACTICE | 25 minutes

1 (S–S, S–T, T–S) Ask Ss to turn to p. 4 and look at Exercise 1. Before playing the recording, you can put Ss in pairs and give them time to go through the alphabet, putting a small tick by any letters they think they can pronounce, and a question mark by any that they are not sure of. Play the recording once for Ss to listen to the pronunciation, then play it again for them to repeat in chorus.

2 (T–S, S–S) Refer Ss to Exercise 2. You could demonstrate that the activity is about sounds of the letters by reading out the first group and asking Ss for the missing letter. Encourage Ss to work in pairs and help each other with this. Play the recording twice for Ss to check their answers and repeat the groups of letters. Ss could then test each other in pairs: student A says one letter, then student B says the other letters in that group, e.g. A: *F*, B: *L M N S X*.

3 (S–T, T–S) Refer Ss to Exercise 3. Play the recording so that Ss listen and circle the word they hear. Then do a quick class check and practise the phrases using choral drilling and individual repetition.

EXTRA ACTIVITY

Remember that Ss usually learn the alphabet songs or chants fairly quickly. However, they often have difficulty enunciating individual letters. One way to resolve this is to fill the board randomly with words. Get Ss to call out words. Then divide the class in two teams. One player from each team stands a couple of meters from the board. Teacher calls out a word. The two Ss try to find and circle the word. The winner gets 1 point. They must then spell out the word correctly for a second point. Individuals take turns to represent the team. Other team members are not allowed to help.

4 (S–S, S–T, T–S) Refer Ss to Exercise 4. Put them in pairs and give them 3 minutes to look at the classroom language poster and translate the verbs in red. Monitor as they do this. Then elicit the answers and check.

5 (T–S, S–T) Refer Ss to Exercise 5. Read through the REMEMBER THIS box and make sure Ss understand the imperative form. Then give Ss 2 minutes to find more examples in Exercise 4.

TIP

Go through GRAMMAR FOCUS REFERENCE AND PRACTICE 0.1 on p. 124 with Ss. Tell them to complete Exercises 1 and 2 individually. Do a quick class check. This could also be given as homework.

6 (S–S, S–T, T–S) Ss do Exercise 6 individually. Give them 2–3 minutes and then 1 extra minute to check their answers in pairs before doing a class check.

7 (S–T, T–S) Exercise 7. Go through the REMEMBER THIS box with Ss. Make sure Ss understand why and how *Let's* is used.

8 (S–S, T–S) Ss do Exercise 8 individually. Go through the example with the class. Then give Ss 2–3 minutes and then 1 extra minute to check their answers in pairs before doing a class check. You could ask Ss to study the dialogues in Exercise 8 and act them out in pairs without referring to their books. Monitor the activity and give feedback if necessary.

PRODUCTION | 5 minutes

(S–S, S–T, T–S) Exercise 9. Tell Ss that in a few minutes they will take turns to make suggestions. Tell them to prepare individually first and ask them to write as many suggestions in their notebooks as possible in 2 minutes. Then put them in pairs to make suggestions to each other. As Ss interact with each other, walk around taking notes of what you hear. When they have finished, elicit suggestions from different Ss. Then give some feedback based on your notes.
