LESSON 4

WARM-UP | 5 minutes

(S–S, T–S, S–T) Before Ss open their books, write *family tree* on the board and ask if anyone knows what a *family tree* is and how we can draw it. Then illustrate the idea of family by drawing a very simple version of your family tree on the board, with your name somewhere on it. Point to it and say *My family* (you could leave it on the board for reference in Exercise 2).

EXTRA ACTIVITY

Tell Ss to think about their family and to write in their notebooks the names of as many family members as possible. Set a time limit and, when the time has finished, elicit how many names Ss were able to write. Explain that later in the lesson they will work with their lists of family members.

PRACTICE | 25 minutes

1 (S–S, T–S, S–T) Ask Ss to turn to p. 7 and look at Exercise 1. Give them 2 minutes to complete the table with the names of family members in the box individually and then 1 extra minute to check their answers in pairs before doing a class check. Then practise the family words using choral drilling and individual repetition.

TIP

The ending *-er*, e.g. brother, is unstressed and pronounced */ə/*. You could ask Ss how many other family words in Exercise 1 end like this (mother, father, sister, daughter), then say them yourself for Ss to repeat.

2 (T–S, S–T, S–S) Refer Ss to the family tree in Exercise 2 and elicit the number of family members. Ask Ss to find Lara's mum and dad in the family tree (2 and 3). Then give them 3 minutes to read the text and complete Lara's family tree with the correct names. Then give Ss 1 extra minute to check their answers in pairs before doing a class check.

3 (S–S, T–S, S–T) Ss do Exercise 3 individually. Give them 2 minutes to complete the REMEMBER THIS box with the pronouns in blue in the text and then 1 extra minute to check their answers in pairs before doing a class check.

TIP

Highlight the difference between *its* and *it's*. Remind Ss that you do not add an *-s* to possessive adjectives for plural nouns, e.g. *your books*, not ~~*yours*~~ *books*.

TIP

Go through GRAMMAR FOCUS REFERENCE AND PRACTICE 0.4 on p. 125 with Ss. Then tell them to complete Exercise 1 individually. Do a quick class check. This could also be given as homework.

4 (S–T, T–S) Ss do Exercise 4 individually. Give them 2 minutes to complete the sentences. Then play the recording so that Ss listen and check their answers.

5 (T–S, S–T) Refer Ss to the REMEMBER THIS box in Exercise 5. Go through the examples with the class. Write more examples on the board with each rule and make sure Ss understand. Then elicit examples from Ss. Invite them to write their sentences on the board.

TIP

You could use a few Ss' names to demonstrate the three sounds */s/*, */z/* and */ɪz/*.

EXTRA ACTIVITY

Put Ss in groups of five or six. Ask one S in the group to close their eyes or turn their back while the others each put something of their own on the table in front of them. The S then opens their eyes and tries to guess who owns each thing: *Is this (X's) bag/pen/watch/phone/book?* Then another S closes their eyes and the others put different things on the table, etc.

Alternatively, Ss write three or four sentences about the colours of other Ss' clothes or things, e.g. *(X's) jeans are black. (Y's) phone is white.* One of the sentences should be false. Put Ss in pairs to read out their sentences and say which of their partner's sentences is false.

6 (S–S, S–T, T–S) Ss do Exercise 6 individually. Give them 2 minutes and then 1 extra minute to check their answers in pairs before doing a class check.

EXTRA ACTIVITY

Ss work in pairs. Tell them to show each other the list of names that they wrote at the beginning of the lesson, to explain who each family member is and to describe them. If any of the family members are from a different country, Ss can also give their nationalities. When they have finished, invite Ss to tell the class about one of their partner's interesting family members.

PRODUCTION | 8–9 minutes

(S–S, S–T, T–S) Refer Ss to Exercise 7. Tell Ss that they will ask and answer the questions. Put Ss in pairs and give them 3 minutes to do this. While they do this, monitor, identify problems and take notes. When they have finished, invite individual Ss to share what their partners said. Then give some feedback based on your notes.
