Writing

You are taking part in a school language project. As part of the project, you regularly write entries for a blog for other students on the project to read.

Write an entry for the blog about sports and games.

In your entry:

1 Tell your readers about the sports and games you play.
2 Explain why you like them.
3 Say who you enjoy playing these sports and games with.
4 Tell them about a new sport or game you would like to try.
5 Ask your readers which sports and games they like.

You can use this space for notes.

Blog entry: Sports and Games
I'm posting today about sports and games I like.
