REVIEW TEST 3 ● ANSWER KEY

Speaking

Teacher's notes

Task 1

The students work in pairs to organise a day out.

(*Hand out the tasks for students to read.*)

Prompt: You both need to talk together to organise a day out for you and some of your friends. You need to discuss and decide the things on your task sheets:

- the different places you could go to, then choose ONE of them
- what you and your friends can do there
- how you should travel there
- how much money you should take.

You have one minute to think about what you want to day. Please ask me if you don't understand anything.

(*Allow 1 minute for students to read tasks and prepare. Answer questions as required.*)

You can begin now.

(*Allow up to 4 minutes for students to discuss the items in the task. If both students are weak and struggle to start the information exchange, use questions based on the prompts on their task sheets above to support them, e.g. Which places (near here) are good to go to on a day out?, etc.*)

Task 2

The students each have three photos.

Student A prompt: A friend has asked your advice about the best way to get fit and have fun at the same time. Look at the three photos below and:

- decide which activity would be best for your friend and explain why
- explain why you rejected the other two activities.

You have one minute to think about what you want to say. Please ask me if you have any questions.

(*Allow 1 minute for students to look at photos and prepare. Answer questions as required.*)

Student A, please give your advice now.

(*Allow 1 minute for student to do the task.*)

Thank you.

Questions for Student A:

1 What do you do to keep fit and healthy? Why?
2 Do you do a lot of sport at your school? (What do you do?) (Do you enjoy this? Why?/Why not?)
3 How much time do you spend doing sports or other exercise each week? (Who do you do this with?)
4 What sports and games do you enjoy going to see or watching on TV? (Who do you go/watch with?)

Speaking

Student B prompt: A friend has asked your advice about the best way to learn a new skill and have fun at the same time.

Look at the three photos below and:

- decide which activity would be best for your friend and explain why
- explain why you rejected the other two activities.

You have one minute to think about what you want to say. Please ask me if you have any questions.

(*Allow 1 minute for students to look at photos and prepare. Answer questions as required.*)

Student B, please give your advice now.

(*Allow 1 minute for student to do the task.*)

Thank you.

Questions for Student B:

1 Would you like to do any of the activities in the photos? Why?/Why not? (Who would you like to do them with? Why?)
2 If you could choose to be really good at one thing, what would you choose? Why?
3 What advice would you give someone who wants to learn a new skill really well? Why?
4 Is it better to learn how to do new things on your own or with other people? Why?

Sample answers and mark schemes

Can express opinions and attitudes in a simple way.

Can make and ask basic suggestions and give advice using *should* and *let's*.

Can make and respond to suggestions.

Task 1

Student A: Where should we go for our day out?
Student B: Well, how about the Science Museum? That's an interesting place.
Student A: It's interesting for you but not for me or the others.
Student B: Hmm…OK, what about going to the seaside and spending the day there?
Student A: That's a good idea. Everyone thinks the seaside is a good place to go.
Student B: Yes, and there are lots of things to do there, like swimming in the sea, going to the funfair, there's a shopping centre too.
Student A: Yes, but I really want to swim in the sea.
Student B: How should we travel there?
Student A: I think we should take the train. It's quicker than the bus and not much more expensive.
Student B: Good idea. And how much money do you think we should take?
Student A: I think £/$/€/¥60 should be enough. The funfair is very expensive if we go there.
Student B: I think that's about right too. So let's tell the others now then.
Student A: OK, I'll email them now.

REVIEW TEST 3 ● ANSWER KEY

Speaking

Task 2

Can generally express belief, opinion, agreement and disagreement with some detail.

Student A:

The photos show three activities you can do to get fit. The first picture shows a man at the gym, the second one shows two people playing tennis and the third one shows two girls playing football. Going to the gym is a good way to get fit but I don't think it's a good way to have fun at the same time. Most machines are for one person so there's not much you can do together if you go with friends. Playing tennis is better. It's more fun than going to the gym but if there is a big group of you, it's not so good because only four people can play at the same time. The others have to sit and watch, which isn't much fun. The best one then is playing football because everyone can play. If people are not very good, it doesn't matter because there are lots of players on each team to help them. You can play anywhere too. You don't need special equipment or a special place to play tennis. You can go to the park and play anywhere there.

Questions for Student A:

1 I sometimes go to the gym and use the equipment there and I play football in the park with my friends at the weekend too. I think it's important to do exercise to keep healthy.

2 Yes, we play football, rugby, hockey, tennis and go swimming at our school. I play football, go swimming and sometimes play tennis in the summer. I enjoy all of them but I know that some of my friends don't.

3 I usually spend about five hours a week doing exercise. I play football for three hours a week with friends at the park and at school and about an hour at the gym and an hour swimming.

4 I like lots of different sports. I never go to watch matches because they are too far from where I live. I watch a lot on the TV, especially at the weekend. I like watching football, tennis and athletics, especially if there's a big international event like the Olympic Games, I watch these with my family.

Student B:

The photos show three activities that people are learning to do. The first picture shows someone learning to drive. This is not much fun because it's lots of stress and you can crash the car. But when you pass your test, it becomes fun because you can go anywhere with your friends in your car. The second picture shows some people learning how to ski and snowboard. This is a good thing to learn but if you live in a country with no snow, it's not so good. You have to travel a long way to do it and it's expensive. It's fun if you do it with other people, I think. The third picture shows some people playing music together in a band. This is a lot of fun because you are playing music you like and getting better at the same time and you do it together like in a team. You can write music and songs together too. I think this is the best one for my friend. The other ones are not so good because driving is too much stress and you are on your own and the skiing you can only do in the winter. You can play music together any time, and practise at home on your own too.

1 Yes, I like to learn to play the guitar because I think it would be good to play with my friends and if we get really good, maybe I'll become famous and make a lot of money! I would do this with my three best friends.

2 I'd like to be really good at speaking many different languages so I could go anywhere in the world and speak with the people there easily. I could get a job in any country then as well.

3 I think the biggest thing is to do lots of practice. This can be really boring but you really need to do it to get better and you have to do it a lot to be really good.

4 I think it is different for learning different things, like if you are learning to be really good at music, you have to play with other people but practice a lot at home on your own too. If you are learning how to speak another language, you have to talk to other people to get better at it.

REVIEW TEST 3 ● ANSWER KEY

Speaking

Each task is worth 10 marks. Award up to 2 marks for each section of the mark scheme, according to the descriptions below.

Marks	Task achievement	Spoken production and fluency	Spoken interaction	Range	Accuracy
0.0-0.5	Phonological, lexical and grammatical inaccuracies impede almost all task achievement. May not even achieve the simplest part of the task. Many responses will not be attempted (lack of linguistic resources or misunderstanding of input).	Hesitation will be extremely intrusive. Available time will not be utilised effectively. Pronunciation of some single words may be intelligible. Any longer utterances will be difficult to understand. No natural use of stress, rhythm and intonation to express meaning.	Control will probably be insufficient for even the simplest of tasks. There may be no utterances even at sentence level. Will be hesitant and unsure when responding to teacher and/or peer input.	The range of language, lexical and grammatical, is probably insufficient even for simple prompts.	Some words or short phrases may be accurate but frequent grammatical and lexical errors, even in basic language, impede almost all coherence and communication of ideas.
0.5-1.0	Phonological, lexical and grammatical inaccuracies impede task achievement. Achieves only simplest part of the task in a limited way. Many responses may not be appropriate or are not attempted (lack of linguistic resources or misunderstanding of input).	Hesitation may be excessive and frequent. Available time will probably not be utilised effectively. Pronunciation of single words may be intelligible but longer utterances difficult to understand. Little or no natural use of stress, rhythm and intonation to express meaning.	Control may be sufficient for very simple tasks but not more complex ones. No extended discourse. May be hesitant and unsure when responding to teacher and/or peer input.	The range of language, lexical and grammatical, is sufficient for simple prompts but not for more complex tasks.	Some words or short phrases may be accurate but frequent grammatical and lexical errors, even in basic language, impede coherence and communication of ideas.
1.0-1.5	Achieves most of the task, but in a limited way. Some responses may be inappropriate, ambiguous or not attempted (lack of linguistic resources or misunderstanding of input).	Hesitation may be evident but is not excessive. Available time may not always be utilised effectively. Pronunciation of most utterances will be intelligible with occasional words difficult to understand. Attempts made to use stress, rhythm and intonation to express meaning.	Control is sufficient for simple tasks and some more complex ones. Some extended discourse. May be occasional, but not intrusive, hesitation and uncertainty when responding to teacher and/or peer input.	The range of language, lexical and grammatical, is sufficient for simple prompts and for most more complex tasks. There may be little or no lexis or structure used that is above the target level.	Most words, short phrases and some longer utterances will be accurate but occasional grammatical and lexical errors, may impede coherence and communication of ideas.

© Pearson 2020 PHOTOCOPIABLE Focus 1 SECOND EDITION (A2/A2+)

1.5-2.0	Achieves all of the task in a appropriate and comprehensive way. All responses are appropriate and unambiguous	Only natural hesitation evident, but this is not excessive. Available time is consistently utilised effectively. Pronunciation of all utterances will be intelligible with only occasional mispronunciation of individual words. Stress, rhythm and intonation used well to express meaning.	Control is sufficient for all tasks. Multiple occasions of extended discourse. No intrusive hesitation or uncertainty when responding to teacher and/or peer input.	The range of language, lexical and grammatical, is sufficient for all tasks. There may be multiple examples of lexis and/or structure used that is above the target level.	All words, short phrases and longer utterances will be accurate with only occasional grammatical and lexical errors, which do not impede coherence and communication of ideas.
