OVERVIEW

Duration: 40 minutes

Objectives:
- To help Ss improve their productive accuracy and expose students to real language they can encounter in their lives.

Resources:
- SB p. 115 Focus Vlog Worksheet
- Online resources: Video 19 – FOCUS VLOG *Things to do*

WARM-UP | 3–4 minutes

(S–S, S–T) Put Ss in pairs and ask them to write as many household chores as possible in 1 minute. When they have finished, elicit a household chore from each S and write them on the board.

PRACTICE | 10 minutes

1 (S–S, T–S, S–T) Ask Ss to look at Exercise 1. Give Ss 2 minutes to do the matching activity and then 1 extra minute to compare their answers with a partner. Then do a class check.

2 (T–S, S–T) Refer Ss to Exercise 2. Play the first part of the video so that Ss watch and answer the questions, then check.

3 (S–S, T–S, S–T) Ss do Exercise 3 individually. Before playing the second part of the video, allow Ss time to look at the table so that they know what they are watching out for. Then play the video and give Ss 1 extra minute to check their answers in pairs before doing a class check.

4 (S–S, T–S, S–T) Ss do Exercise 4 individually. Play the rest of the video so that Ss listen and complete the sentences. Ask them to compare their answers with a partner before doing a class check.

PRODUCTION | 25 minutes

1 (S–S) Exercise 5. Give Ss 3 minutes to make their own to-do lists with what they have to do at home. Walk around monitoring and supporting where necessary. Then ask Ss to compare their lists with a partner.

2 (S–S) Refer Ss to Exercise 6. Read through the rubric with the class and make sure Ss understand it correctly. Then give them 2 minutes to think about what they have to and don't have to do at home, what they like and what they hate and make notes. Then put them in pairs and ask them to take videos of each other where they tell about their responsibilities and ideas about household chores. Walk around monitoring and helping as they complete the activity.
