LESSON 3

WARM-UP | 3–4 minutes

(S–S, T–S, S–T) As in Exercise 1 in the book. To see what Ss know, write these headings in four columns on the board:

Team sports *Individual sports* *Martial arts* *Water sports*

Make sure Ss understand the meaning of martial sports. Put Ss in pairs. Tell them to think of as many sports as they can in 1 minute. When they have finished, elicit sports from each pair and write relevant ones under the appropriate headings on the board.

TIP

See Culture notes in TB p. 156 for information about martial arts.

PRE-LISTENING | 6–7 minutes

1 (S–S, S–T) Refer Ss to Exercise 2. Elicit descriptions of the photo. Then put Ss in pairs and give them 2 minutes to ask and answer the questions. Monitor and support where necessary. Then invite individual Ss to share their ideas with the class.

2 (S–T, T–S) Ss do Exercise 3 individually. Give them 2 minutes to do the matching activity, then check.

WHILE-LISTENING | 10 minutes

1 (S–S, T–S, S–T) Ss do Exercise 4 individually. Allow them 1 minute to read through the questions to make sure they know exactly what to do. Play the recording once and then give Ss 1 minute to check their answers in pairs before doing a class check.

2 (S–S, S–T, T–S) Ss do Exercise 5 individually. Before playing the audio again, ask them to read the sentences and options so that they know what they are listening for. Play the recording again. Give Ss 1 minute to check their answers in pairs, then elicit the answers and what was said in the audio that helped Ss to decide on the answers or that might have made the question difficult to answer.

POST-LISTENING | 10–12 minutes

1 (S–T, T–S) Refer Ss to Exercise 7. Drill the four vowel sounds. The class repeat the words from the recording using choral drilling. Then check pronunciation individually.

2 (S–T, T–S) Ss do Exercise 8 individually. Play the recording so that Ss can listen and put the words in the appropriate columns in the table in Exercise 7. Do not check at this stage.

3 (S–S) Exercise 9. Play the recording so that Ss can listen and check their answers. Practise the words using choral drilling and individual repetition. Optionally, divide the board in four spaces and write the four phonemic symbols in each. Elicit a word for each sound. Give Ss a few minutes to brainstorm more words for each symbol. Allow them to use their books if they like. Collect the words on the board so you have at least twenty. Ss then create their own bingo grids of 4x4 (16 spaces) or 4x3 (12 spaces) and sixteen or twelve words from the board. Tell Ss they are going to listen to a story and when they hear a particular word, they will cross it off their list. Using the words from the board, create a short story. The S who manages to cross out all their words first wins.

4 (S–T, T–S) Exercise 10. Refer Ss to WORD STORE 6D p .13. Give Ss 1 minute to complete the activity. Then Ss listen and check their answers. Practise the words using choral drilling and individual repetition.

5 (S–S, S–T) Refer Ss to Exercise 11. Give them 1–2 minutes to complete the statements to make them true for them and then 1 extra minute to compare their answers with a partner. When they have finished, invite individual Ss to share their sentences with the class. Optionally, this could be done as an oral drill to involve everyone.

PRODUCTION | 5–7 minutes

(S–S, S–T) Refer Ss to Exercise 6. Put them in pairs and ask them to look at the questions in Exercise 4. Tell them that in a few minutes they will discuss and tell each other who they agree with – Alfie or Millie. Give them 1 minute to prepare. Then tell them that they must keep talking for a full 2 minutes. Encourage them to give reasons for their choices. As they do this, walk around monitoring, supporting and taking notes of any problems. When they have finished, invite Ss to share their ideas with reasons why with the class. Finally, give feedback based on your notes.

HOMEWORK

1 Give Ss WB p. 75 as homework.

2 Ask Ss to search for facts about their favourite sport, e.g. *When was it invented?, Who invented it?, What are the rules?*, etc.

CONTINGENCY PLAN
