LESSON 7

WARM-UP | 6–7 minutes

1 (S–S, T–S, S–T) Books closed. Ask Ss if they know what *gadget* means. Elicit the answer and check. Then, to see what Ss know, brainstorm names of gadgets and write them on the board.

2 (T–S, S–S, S–T) Ask Ss to turn to p. 10 and look at the photos in Exercise 1. Elicit their names. Then put Ss in pairs and give them 2 minutes to discuss their favourite gadget. When they have finished, invite individual Ss to tell the class what their favourite gadget is with reasons why and have a brief class discussion.

PRACTICE | 23 minutes

1 (S–S, T–S, S–T) Ss do Exercise 2 individually. Allow them 1 minute to read through the statements to make sure they know exactly what to do. Tell them to underline the key words. Play the recording only once and then give Ss 1 minute to check their answers in pairs before doing a class check.

2 (S–S, S–T, T–S) Refer Ss to Exercise 3. Give them 2 minutes to complete the REMEMBER THIS box and check their answers in pairs before doing a class check. Go through the REMEMBER THIS box with the class. Make sure Ss understand clearly what *have got* means and how it is used. Either give some more examples with *have got* and elicit meaning or ask Ss to come up with some.

TIP

In this lesson Ss learn and practise the British use of *have/has got* for talking about possessions. *Have/Has got* do not use the auxiliary *do*. However, in the American usage (*do you have*, etc.) it is acceptable. Ss can get confused and say, e.g. ~~*Do you have got …?*~~ Clarify the difference early on. Provide plenty of controlled practice and correct when necessary.

TIP

Go through GRAMMAR FOCUS REFERENCE AND PRACTICE 0.7 on p. 126 with Ss. Then tell them to complete Exercise 1 individually. Do a quick class check. This could also be given as homework.

3 (S–S, T–S, S–T) Ss do Exercise 4 individually. Give them 3 minutes to read the text and complete the table. Then give them 1 extra minute to check their answers in pairs before doing a class check.

4 (S–S, T–S, S–T) Ss do Exercise 5 individually. Give them 2 minutes to complete the sentences. Then give them 1 extra minute to check their answers in pairs before doing a class check.

PRODUCTION | 7–8 minutes

1 (S–S) Refer Ss to Exercise 6. Read through the rubric and the example with the class and make sure Ss have understood the instructions. Then put Ss in pairs and give them 2–3 minutes to ask and answer questions to find out what gadgets they have got. As Ss interact with each other, go round the class monitoring and taking notes of any problems or errors to discuss while giving feedback.

2 (S–T, T–S) Exercise 7. Invite individual Ss to share with the class what their partners said. Then give some feedback based on your notes.

EXTRA ACTIVITY

Put Ss in pairs. Ask them to write down three *I have got …* sentences, two true ones and one false. In pairs, each S reads out the sentences for the other S to guess which is true and which is not and then say, e.g. *You have got a dog, you have got two brothers, but you haven't got a skateboard.* Monitor and correct while Ss are working. Then ask individual Ss to share and tell sentences about their partners, e.g. *Lulu has got a dog, she has got two brothers, but she hasn't got a skateboard.*
