Student B

1 Here is some information about a summer activity centre. Student A will ask you some questions about this. Use the text to answer the questions that Student A asks you.

THE ALPS SUMMER ACTIVITY CENTRE

In the eastern part of France
Go mountain biking, camping, kayaking and rock climbing
Visit us from April to October
Minibuses from the nearest town to the park
For one day of activities: £50
For one week of camping and activities: £200
We have qualified sports instructors for all sports
Shop on the site for cycling and camping equipment

Student A has some information about Yellowstone National Park. Use these prompts to ask Student A questions about the missing information.

You have 1 minute to read the prompts and to think about the questions you are going to ask.

YELLOWSTONE NATIONAL PARK

where / park?
what / see?
best time / visit?
how / travel / in park?
cost / with car?
buy / books?
museum?

2 You are talking with a friend about environmental problems and what people can do to help nature and the environment.

The conversation can begin like this:

Student A (Your Partner): What do you think the biggest environmental problems are today?

Student B (You): Well, I think…

Continue the conversation to discuss the following things:

• the main environmental problems around the world

• what governments must do to help

• what ordinary people should do to help

• what you are going to do to help nature and the environment more.

3 You are thinking about what job to do in the future.

Look at the three photos below and:

- describe the first picture
- decide which job would be best for you and explain why;
- explain why you rejected the other two jobs.

Then answer the questions your partner asks you.

Speaking

Listen to your partner talk about their photos and think of two questions to ask about what they say.

____/20
