REVIEW TEST 2 ● ANSWER KEY

Writing

Can write about everyday things (e.g. people, places, job, study) in linked sentences.

Sample answer

Blog entry: Sports and Games

I'm posting today about sports and games I like.

My favourite sport is football. I play for a local team. We aren't very good but we're getting better. I love football because you can play it anywhere – all you need is a ball. You can even play it on your own.

I like other sports too, like basketball and cycling. I just do these for fun with my friends. I don't do any competitions or matches. It's good to cycle here because there aren't many hills.

I'd really like to try motor racing but I can't drive. Maybe when I learn then I can start to do this .

What about you? Which sports and games do you like? Post about it and let me know!

Mark scheme

The task is worth 30 marks. Award up to 6 marks for each section of the mark scheme, according to the descriptions below.

Marks	Content	Text achievement	Organisation and structure	Range	Accuracy
1–2	May not cover all the content points, or in insufficient depth and/or scope. Content would have a negative effect on the intended reader due to lexical and/or grammatical inaccuracies and/or poor control of register.	Lexical and grammatical inaccuracies impede task achievement. Control may be sufficient for very simple tasks but not more complex ones.	Little or no text organisation according to genre. Text organised at phrase or sentence level. Little or no linking between sentences.	Uses only very basic vocabulary and grammar structures, perhaps with a lot of errors. No complex or compound sentences.	Many lexical and grammatical errors, even in basic language, which impede communication of ideas.
3–4	All points may have been covered, but some in insufficient depth. Sections of the content would probably have a positive effect on the intended reader.	Control is sufficient to respond to all simple tasks and to complete some more complex ones. The majority of the response would achieve its intended purpose.	Text organised largely at sentence level. Some simple and logically-sequenced sections with linking between sentences. There may be evidence of paragraphing, but this may be inappropriate.	Uses basic vocabulary, but largely used accurately. Uses basic grammar structures, perhaps with a few errors. Probably no complex, but possibly some compound, sentences.	A number of lexical and grammatical errors probably evident but not in sufficient quantity to greatly impede communication of ideas.
5–6	All content points covered with sufficient depth and scope. The text would have a positive effect on the intended reader due to good lexical and/or grammatical accuracy and/or sufficient control of register.	Control of language is clearly sufficient to respond to simple and more complex tasks. There is demonstrable achievement of all parts of the task.	Text organised and sequenced simply but logically throughout. Linking between sentences throughout. Paragraphs used appropriately for the purpose and genre of the writing.	Uses a good range of level-appropriate vocabulary and grammar structures. Largely used accurately. Possibly some complex and/or compound sentences.	Occasional lexical and grammatical errors probably evident but not in sufficient quantity or severity to impede the communication of ideas.
