## Speaking

**Teacher's notes**

**Task 1**

The students work in pairs to complete the missing information in their texts.

(*Hand out the texts for students to read.*)

**Prompt:** You both have some information missing in your text. Take turns to ask questions to find out this information. Answer the questions that the other person asks you, using your text.

You have one minute to read the text and think of your questions. Please ask me if you don't understand anything.

(*Allow 1 minute for students to read texts and think of questions. Answer questions as required.*)

You can begin now.

(*Allow 2 minutes for students to ask and answer questions. If both students are weak and struggle to start the information exchange, use questions to prompt them, e.g. 'How can you make a question about where/when Bill Gates was born?', etc.*)

**Task 2**

The students each have three photos.

**Student A prompt:**

You are going to go on a short holiday with some of your friends.

Look at the three photos below and:

- describe the first picture
- decide which place would be best for you and your friends to go to and explain why
- explain why you rejected the other two places.

You have one minute to think about what you want to say. Please ask me if you have any questions.

(*Allow 1 minute for students to look at photos and prepare. Answer questions as required.*)

Student A, please talk about your photos now.

(*Allow 1 minute for student to do the task.*)

Thank you.

**Questions for Student A:**

**1** What sorts of activities do you like doing when you're on holiday? Why? (Who do you like to do them with?)
**2** What's the best way to travel when you're going on holiday? Why?

## Speaking

**Student A**

The photos show three different places you can go on holiday. The first picture shows a group of people hiking in the mountains. They have big backpacks so I think they are on a backpacking holiday. They are probably carrying food and tents and walking to different places every day. There is a lake in the picture too. It is very blue and looks cold. There are not many plants on the mountains but there are lots of rocks. This would be an exciting place to go with friends but I think it will be very tiring and walking every day is not very interesting. A better place is the city in the second picture. The city looks very exciting.There are lots of things to do there and places to go and visit as well as many places to eat. The third picture shows a holiday by the sea. There is a swimming pool and behind that is a beach, with places for people to sit and relax. This will not be so good for me and my friends. I think you can swim here in the pool or the sea but there is nothing else to do. So the city is best, because it is exciting and there are plenty of things to do. The mountains are very tiring and the hotel near the sea is a bit boring.

**1** I like swimming in the sea and playing games on the beach like football and tennis. I like visiting museums and other places in the city too.
**2** If you go on holiday near your house, you can take the car because it's easy to carry all your things and you don't need to travel to an airport or a station – you can just travel from your home to your holiday. If it's a long way then the aeroplane is better because it's quick for travelling a long way.
**3** I would really like to go to Canada. I have met some people from there and they were very nice. There are a lot of natural things to see, like rivers, lakes and forests and there are big cities too so you can have some fun. I would have fun in the city maybe bowling or going to the cinema and I would go looking for bears in the countryside.
**4** I like watching programmes on TV but not reading about them. I like to see places and think I am there, so the TV is good for this, but not just in a photo in a book.
**5** I went to Holland with my family two years ago and it was the best holiday ever. We stayed in a little house in the countryside but we travelled into the big cities like Amsterdam. We went to some art galleries and to the Anne Frank house. It was very interesting.

**Student B:**

The photos show three different places you can go on holiday. The second picture shows a big busy city, maybe it's New York or somewhere like that. There are lots of big, tall buildings with maybe fifty floors. It is night time so most of the lights are on. There's a river and I can see a big bridge. I think there are a few cars on the bridge. I think there are some shops or restaurants next to the river and there are probably lots of people there, walking around or eating dinner. I think this would be quite a good place to go with my friends. There are lots of things to do like museums and shopping but I think it will be tiring and maybe each of us would like to do different things. I don't think the backpacking holiday will be good for my friends. It is too far to walk and everyone will be very tired and unhappy. The best place is the hotel with the swimming pool and beach. We can all relax here and spend time together swimming, eating some local food. Or we can spend time on our own if we want. So this is the best.

**1** I think it's better to relax and not do much because if you do lots of things, it's like at home. I prefer to go to a beach and stay all day, maybe swim and play tennis or volleyball. That's the best holiday.
**2** My favourite landscape is the mountains if it's the winter because I like skiing. I went to the mountains last year in France and the skiing was fun. In the summer, the best landscape is the seaside, the beach because it's good to relax and swim.
**3** I would go to Rio de Janeiro because I think there's lots to do there. You can climb the big mountains around it and there are beaches there too and it's an exciting city.
**4** The most difficult thing is deciding what to do. Usually someone wants to do something different to the others so it's hard to agree all the time. It's hard to be together all the time too, so sometimes me and my brother and sister argue, then my parents get angry too.
**5** The best country was Italy. I went there with my family three years ago. I loved the food there and the people were really fun. There were lots of historical places to visit too and the weather was good so we spent some time by the sea.
