Class: _____
Total: _____/30

You are organising some cookery workshops at your school. They are scheduled to start tomorrow. Unfortunately, you do not feel well and there are still some things to do.

Write an e-mail to a colleague who is helping you to organise the workshops.

In your e-mail:

1 Explain why you are writing.
2 Remind your colleague what food he needs to buy.
3 Ask him to send an email to participants of the workshop about the start time.
4 Apologise for the inconvenience.

You can use this space for notes.
