WARM-UP | 5 minutes

(S–S, S–T) Refer Ss to Exercise 1. Put them in pairs and give them 2 minutes to ask and answer the questions. As Ss interact with each other, walk around monitoring, supporting and taking notes of any problems. When they have finished, ask individual Ss to share what their partners said.

PRACTICE | 8–10 minutes

1 (S–S, T–S, S–T) Ss do Exercise 2 individually. Allow them 1 minute to read through the sentences to make sure they know exactly what to watch out for. Play the first part of the video and then give Ss 1 minute to check their answers in pairs before doing a class check.

2 (T–S, S–T) Exercise 3. Play the second part of the video and elicit from Ss how many people did not go for a walk last weekend and why.

3 (S–S, T–S, S–T) Ss do Exercise 4 individually. Allow Ss time to read the questions so that they know what they are watching out for. Then play the rest of the video so that Ss watch and do the matching exercise. Ask them to check their answers in pairs before doing a class check.

PRODUCTION | 23–25 minutes

(T–S, S–S) Refer Ss to Exercise 5. Read through the rubric and the steps to prepare a sports quiz with the class and make sure Ss understand them correctly. Then put Ss in groups of four and tell them to prepare as many questions as possible in 15 minutes. All through this activity walk around monitoring and helping. When the groups are ready, they take turns to do the quiz with each other.
